

# Spring Probe Manual and Handler Test Sockets

- Sockets designed and manufactured in-house at Exatron
- Ultra-fast turn-around time
- For hand test, Exatron and non-Exatron handler applications
- Many choices of probe, length, tip type, pitch, and travel
- Sockets with built-in pushers for DUT alignment
- Universal BGA sockets with replaceable size guides
- Pins can be individually replaced
- Pitch conversion sockets: DIP to SOIC, TSOP to BGA
- Hot and Cold test options, see PET-3 for details
